

The MAC Team is always looking for ways to improve your member's car shopping experience; that is why MAC has partnered with Give Me The VIN™ (GMTV). This new website enhancement provides members the ability to receive an online cash offer for their current vehicle, or trade-in. This feature goes live on Wednesday, October 26th!

How does it work?

Click on the space provided.
You will be prompted to a second screen.

Member completes form, including the VIN number.

Add pictures to maximize value.

Any additional comments?

Click submit! Your member will have a cash offer within minutes.

What does that mean to you and your member?

1. The real time offering provides your member with a live market cash offer, guaranteed to beat their CarMax offer (If not, GMTV will pay \$100)!
2. When your member is ready to sell, GMTV will come to pick up the vehicle from your member's residence, office, or anywhere they choose.
3. **It's free! It's quick! It's easy!**
