MEMBER AUTO CENTER INTRODUCES CARFAX® TO ITS AUTO BUYING WEBSITE

Houston, TX | January 30, 2015. Member Auto Center (MAC) announced the addition of CarFax® vehicle history reports to its member car buying website, enhancing MAC's already robust set of online car buying tools available to credit union member car buyers and their staff. This addition is very significant because more than 90% of Member Auto Center dealer partners use CarFax® and this translates into complimentary CarFax® reports on most of the preferred dealer pre-owned inventory found within the www.MemberAutoCenter.com website. This provides members with a valuable tool and peace of mind as they begin their car search from within your Credit Union's website; which we are positive, will ultimately result into more retained member car loans!
